# PHOTO RACE · JULY 4<sup>TH</sup> 2008

**Instructions:** Each of the following clues will lead you to a location or landmark in University City. Go to the each location and take a photo of your entire team there. Checkpoint locations don't need to be in order, but do need to be clearly identifiable. Once you've taken all the photos, return to the finish line at the booth at UC Celebration. Don't forget that you can only travel on foot or on the UC Celebration trolley!

**Clue 1:** Find the mailboxes in front of the University City post office. Check the final pick-up time for a regular Friday:

If it is at 3 PM, then checkpoint 1 is Postal Annex+.

If it is at 4 PM, then checkpoint 1 is the California Coast ATM.

If it is at 5 PM, then checkpoint 1 is the Bank of America ATM.

If it is at 6 PM, then checkpoint 1 is the sign for "The Marketplace".

**Clue 2:** It isn't bonus time, but this UC business will try to make you look your best. Have you seen this sign before?

Unscramble these letters to find the name: NIKLIKE

**Clue 3:** Find a large symbol that resembles the yin-yang, the symbol of Taoism, near Regents & Governor.

**Clue 4:** Just east of Fort Field you will find this Glyph:

**Clue 5:** He was an admiral and ambassador to the Soviet Union, but most UC residents are more familiar with the school that is named for him. Take a picture with the sign that lists his middle initial, "H".

**Clue 6:** There is a place of many books nearby – but to use their services, you have to give them back. Checkpoint 6 is the drop-off point in the back.

**Clue 7:** Checkpoint 7 is the storefront of a University City business. Their frozen treats are available next to Lorna's. Get your team's picture taken under the sign.

**Clue 8:** A mythical creature graces the wall of an establishment near Governor & Genesee. Catch the winged horse on film for checkpoint 8.

**Clue 9:** There are many pets in the University City area. Find a nice non-human animal, ask its owner for permission, and you'll have what you need for checkpoint 9.

**Clue 10:** What's more fitting for Independence Day than the Stars and Stripes? Take a photo with the Star-Spangled Banner anywhere in University City!
