

THE BOUNTY HUNT

STAR WARS™ CELEBRATION V

Your next target is wanted by the Library of the Republic for not returning some books and knocking over a cart of holonovels. Help find your target by drawing lines to connect authors to their novels. Some may be used more than once, while others may not be used at all. The resulting answer is a clue to your target's identity!

THE BOUNTY HUNT

STAR WARS™ CELEBRATION V

The Senate Guard has the job of protecting the Chancellor, members of the Senate and other important government figures. Recently, they've been tipped off that an enemy might be planning an attack on a senator, and have hired you to bring in the mastermind behind the plan before it can be launched.

1. This native of Corulag piloted the *Rogue Shadow*, later abandoning the Empire for the Rebellion.
2. This wisecracking member of Delta Squad was also the team's demolitions expert.
3. This Force-sensitive clonetrooper defected from the Empire and went on to form Grey Squadron.
4. This pilot from Agamar flew in many key battles of the Rebellion, including a Y-Wing against the first Death Star, before becoming a Jedi.
5. This Dark Jedi was briefly known as the Prophetess before becoming the apprentice to Jerec during his search for the Valley of the Jedi.
6. This Skakoan mercenary kidnapped Senator Amidala on Behpour, where he was building a gravitic polarization beam for Dooku.
7. This Nightsister from Dathomir sought an alliance with Dooku and the Separatists but was stopped by two Jedi on Rodia.
8. This teenaged friend of Zaalbar escaped the destruction of Taris and sought to find her older brother.
9. This former smuggler assembled and commanded Renegade Squadron, a ragtag unit of soldiers.
10. This assassin frequently referred to organic lifeforms as meatbags.
11. This Miraluka woman was once a Sith apprentice but joined the crew of the *Ebon Hawk*.
12. This former padawan of Shaak Ti absorbed too much of the dark side energy on Felucia.
13. This Geonosian engineer re-started droid production on Mustafar before the 501st were sent to stop him.
14. This commander of Sabaath Squadron was in charge of the development of trihexalon in the Clone Wars.
15. This Jedi general survived the Clone Wars because he didn't lead clone troops; later he mentored Darth Vader's secret apprentice.
16. This Rebel pilot teamed up with former student to steal a TIE Phantom and destroy its production facilities.
17. This master of unarmed fighting had a cybernetic arm and sought to take down key Alliance leaders in duels.
18. This droid was the friend and companion of Galen Marek, but often tried to kill him.
19. This pirate's main talent was that he could hold his breath for up to ten minutes.
20. This unlockable LEGO mini-figure costs the most studs to purchase in *LEGO Star Wars II: The Original Trilogy*.
